The secretary also reports on the amount of subscriptions delinquent which shows $5,914.00 due on cards on which payments were started and not kept up, and $632.00 subscriptions on which no money has been paid. These delinquents are as follows:

Amount of subscriptions paid only for June, due four months $2,560.50; paid two months, due three months, $1,654.03; paid three months, due two months, $1,000.00; paid four months, due one month, $500.00, which with the pledges of $632.00 on which no payments whatever have been paid, makes a total delinquency of $6,546.00.

President Booth is in hopes that those who are delinquent will pay up their back subscriptions and continue to pay into the War Chest as they originally agreed, that the funds necessary to carry on the United War Activities as well as the Red Cross will always be available when demands are made for payments. Just now the need of money is urgent for the War Activities of which our quota is over $40,000. Prompt payments will put this fund in shape to take care of every call.

LIMIT ON COAL STORAGE IS LIFTED

D. W. Kuhn, fuel administrator for the Pittsburg district, announces that he has received authority from Washington that all limits on storage of coal as set out in the last instructions of the fuel administration, dated October 16, have been cancelled until further notice. There are no restrictions now on amounts of coal that may be carried by industrial concerns.

"Flu" Shows An Increase

Health Officer Darby reported 44 new cases of influenza this morning, which had developed on Friday. This is an increase of 14 over Thursday and would indicate that the malady is still hanging on in this locality with an indication to increase rather than decrease. Local health officials are at a loss to account for the increased number, as everything possible is being done to stamp out the trouble in this community. One family was reported on Friday with five members being down with the prevailing illness, although none of these patients are reported as being seriously ill. In fact practically all of the cases so far reported are not considered dangerous, although some of the patients aresaid to be quite ill.

The Emergency Hospital report this morning shows that 48 patients are being taken care of at the present time although the officials expect to discharge two today. Additional admission however will keep the total number near the half hundred mark. To date there have been 141 admissions, 79 discharged and 16 deaths. None of the cases in the hospital are reported as being considered as dangerous.

WAR WORK MEETING ON SUNDAY NEXT

The Washington county war work committee announces a meeting to be held in the Globe Theatre in Washington, Sunday afternoon, November 10th, at 4:30 o'clock. At this meeting an address will be made by A. B. Dunn, formerly physical director of the Washington Y. M. C. A., who returned from the front a short time ago and who is in Washington for a few days on his way to Philadelphia to take the position of Supervisor of Recreation at the Hog Island shipbuilding plant, where he will direct the activities of 25,000 men. Mr. Dunn was stationed for five months at Verdun, during the last two months of which he was under continuous shell fire and was not only wounded, but was severely shell shocked. It is hoped that some Charleroi's citizens who are interested in this campaign will attend the meeting.

Lightless Night Ban Is Officially Lifted

Official notice of the following change in the lightless night order has been issued by H. B. Duncan, chairman of the fuel administration for Washington county to take effect immediately:

That all stores open for business in the evenings will be permitted to use window lights. However, there must be no lights used for outside advertising signs, announcements or bill boards. The order in regard to the closing of mercantile establishments from 7:30 to 10:00 a. m. each morning will be lifted on Tuesday, November 19th, but it is requested that the present order be observed until that morning, for the reason that on Monday the demand on electric companies is so heavy that they may not be able to take care of the situation, should the stores open before Tuesday.

H. B. Duncan, Chairman, Washington County Fuel Committee.

LAST TRIBUTE TO OFFICER BRICKNER

Short funeral services for Gust Brickner, late a police officer on the Charleroi force, were held last evening and this morning the funeral party left for Gallitzin, former home of the deceased, where interment will take place Sunday. The remains were accompanied from his late home on Washington avenue to the Pennsylvania Railroad station by the Business Men's Association a detachment of the Home Defense Police and a guard of honor from Valley Echo Commandery, No. 379, Knights of Malta. This guard was composed of Thomas Hudspith, Alexander Turnbull, Robert Turnbull, Charles Eberg, William Vetter and A. S. Slaughter, who also acted as pall bearers. Many beautiful floral tributes were sent by friends and organizations of which the deceased was a member as well as by the borough officials and the members of the local police force. Mrs. Brickner did not accompany the funeral party owing to illness.

LOCAL WORKMEN HELPING AT LOCK NO THREE

During the past week a force of men from the United States boat yards at Lock Four, under direction of Capt. George S. Nutt, have been doing emergency work at Lock No. 3, where the outer chamber has been out of commission for some time. The work is being pushed day and night, and it is thought navigation can be resumed within a week. The several local repair forces are being depleted by the "flu," which keeps the work back to a great extent.

ASKED TO ASSIST IN WAR CAMPAIGN

H. J. Booth, President of the Charleroi War Chest, has received a communication from the director of publicity of the United War Work Campaign in Washington county in which he is asked to bring to the attention of the ministers of the Charleroi area the action of the Washington ministers with reference to this work. At a meeting of the county seat ministers held on the 5th of November the following resolution was adopted:

That we co-operate with the War Work Committee in their plan and purpose and agree to present the matter at the first services in our church that we are permitted to hold in the best possible manner, and give it the full emphasis such as a great matter demands."

Ministers in this area are requested to call the attention of their congregations and particularly those members who are subscribers to the Charleroi War Chest, to the necessity of keeping their obligations, and paying up all back dues that the quota to be paid to the United War Work campaign from the Charleroi area can be paid in full and paid promptly.

MAKE CHANGE AT THE EMERGENCY HOSPITAL

A joint meeting of the special committee appointed to look after the emergency hospital and the health board was held at the high school building last evening. About a dozen members of the two boards were present, the purport of the meeting being to make a change in the medical director or physician in charge. After discussing the situation it was decided to ask Dr. Hunter to resume charge of the hospital. Considerable criticism was made of the previous management and it was decided to make a change.

Just war has its true glories, but the return of the gentle dove of peace is a blessing beyond price.

EXHIBIT AND SALE OF BLIND INSTITUTE

The annual exhibit and sale of goods from the Institute of the Blind at Pittsburg is now on at the millinery parlors of Mrs. Stewart on Fallowfield avenue. This exhibit and sale is under the auspices of the Athene Club, which has had it in charge for a number of years past. The goods exhibited are the handiwork of blind boy and girl students of the Institute and the proceeds of the sale go towards the expenses of their education. The object is a most worthy one and the members of the Athene Club are glad to lend their services in this splendid charity. Last year the local club sold a large amount of goods and this year hopes to exceed the sales of 1917. Any of our people who are interested in the work of the blind are invited to call at Mrs. Stewart's and inspect the exhibit, which will be here for a limited time only.

AFTER EFFECT IS DANGEROUS

Warning Issued Against Conditions Following Attack of "Flu"

GREAT CARE MUST BE TAKEN

Fearing a rapid rise in the death rate from tuberculosis, as a result of the influenza epidemic, the National Tuberculosis Association has issued a special statement from New York warning the public of the danger. Experiences in previous epidemics has clearly indicated, the association points out, that the death rate from tuberculosis may be expected to be increased by at least 10 per cent within the next two years as a result of the present epidemic, unless proper precautions are taken. Influenza, it is stated, greatly reduces one's physical vitality and lower's one's resistance to disease. This opens the way for tuberculosis.

The surest ways to prevent tuberculosis as a result of influenza are summarized by the association as follows.

First—Stop worsing and go to bed immediately. Do not resume work until the attack of influenza is all gone.

Second—Have nothing to do with patent medicines or drug store "treatments." Put yourself under a doctor's care at once, and continue under his care until cured.

Third—Have your doctor examine you thoroughly to see if any signs of tuberculosis are present. You cannot tell without an expert examination.

Fourth—If free from any trace of tuberculosis, keep so by sufficient rest during convalescence and careful living then and afterwards.

Fifth—If your "cold" hangs on, or there are other indications of tuberculosis, begin medical treatment without a moment's delay.

CALIFORNIA HAS AN EMERGENCY

California has sixty influenza cases in its emergency hospital in the borough school building, which was established this week. The influenza appeared in the up-river town only a few days ago in an epidemic form and already it is reported there are about 500 cases in the town and surrounding communities. Dr. Kerr, of Harrisburg, is in charge of the hospital, with Miss Mezula McCain, of Pittsburg in charge during the day as head nurse, and Miss Butler of Harrisburg, as night superintendent. Dr. Wood of Monongahela, county medical officer for the state, visited the hospital Friday afternoon and expressed himself as being well pleased with the arrangements.

Anyhow America is still safe for democracy without the capital "D."

THAT GERMAN APPEAL

The women of Germary have appealed for a modification of the terms of the armistice, saying that if they are enforced that millions of people in that country and particularly women and children, will lose their lives by starvation.

No doubt conditions there are bad, even bordering on famine in some sections of that country and no doubt there will be suffering on the part of millions of the population because of the great drain on the resources of the country during the war period of war. At the same time the message os of a mischievous nature. It asks that the terms of the armistice with reference to the rolling stock of the railroads be altered so that much of this property will remain in Germany to bring foodstuffs from the farms that the people as well as the allied troops may be fed. Unless relief is granted the message says that famine will follow.

The statement may be true. At the same time any changes in the armistice will have to be decided upon by the allied war council, which permitted Marshal Foch to make such changes as he deemed necessary in the original draft This he did by compelling Germany to agree to surrender 150,000 railroad cars instead of 50,000, a fact which has brought forth this protest.

As Germany took all the rolling stock from Belgium and northern France it could secure, Marshal Foch only asking the return of that which Germany has stolen. The terms may be severe, but how could they be otherwise. The French and the Belgians know the true conditions of affairs. They suffered from Germany, so did their women and children, who underwent unspeakable atrocities at the hands of the Hun fiends without a protest from the women of Germany.

The German people will not be permitted to starve but the terms of the armistice should not be changed.

AFTER A THOUSAND YEARS

The last blow delivered by Italy against her ancient and persistent enemy was perhaps without a parallel in all history in the magnitude of its results. The Italians isolated and entropped half a million Austrians, put 63 divisions out of action, captured 5000 guns and 250,000 horses, to say nothing of the less important gains. It may well be doubted whether any other victorious army ever swept such riches into its dragnet and thus forced upon the routed enemy a humiliating peace in the course of a single drive It is true that Italy was strengthened and that the spirit of young America was in the Italians who flocked to her standard from this country, yet the great victory was essentially her own, and it shows how absurd was the talk of the decadence of a nation that could produce such men as Diaz, Caderna, D'Annuzio and the Duke of Abruzzi.

We have spoken of her enemy as "ancient and persistent" because Italy has been coveted by the Teutons of the north for a thousand years and their many bloody struggles to possess the fair land of the south were at times resumed only after long intervals for no other reason but disastrous failure. Frederick Barbarossa alone led six military expeditions against Italy and several other royal Teutonic robbers lost their lives in the land once pointedly described as "the graveyard of Roman emperors." It is to be hoped that this last overwhelming blow of valiant Italy in defense of her own will be in truth the last, for surely it is high time—after a thousand years—that the predatory Teuton should be permanently cured of his lust after his neighbor's vineyard.

But we can't help wishing that our brave boys in khaki had had the few more hours necessary to bring them charging victoriously into Sedan.

Merchants Assist In Buy-at-Home Campaign

For the past several weeks the Mail has been conducting a campaign in connection with a number of local merchants in the interests of "buying at home." An Atmosphere That is Clean and Inviting

A germ never did and never will live in the Majestic Theatre. Why? Easy. This theatre is well ventilated—not by any fancy method, but by the open air process. That's nature's own way of sanitation and prevention. You can't beat it. Doctors will tell you the same thing.

What do we mean by the open air process? We mean the old-fashioned way, the same as you may do in your own bedroom at night for proper ventilation. You lower the top sash of your window and raise the lower sash. Nature does the rest, there is a circle of fresh air to breathe and used air is drawn through the top sash. Fresh air is an important element in human life, health and the Majestic Theatre.

The system at the Majestic Theatre. Every morning from sun up till open time every door and window and fire exit is thrown open to let in Natures sunlight in great beaming rays that pour like big flashlights from Uncle Sam's ships. Women are busy here and there with cloths, brooms and vacuum cleaner. Every speck of dust is beating it for the ash can—that finished, the seats are given a good wiping which makes things sweet and fresh.

During the time we've been closed everything has been gone over thoroughly with paint, soap and water, now that we are open, you can come home to the pleasures recently given up temporarily. We will welcome you, as always with open arms. We will want you to feel at home. We are bereaved for the loss of some of our dear friends who were victims of the plague. Some measure of consolation will come when we will again be permitted to mingle with hundreds of friendly faces and be comforted by hundreds of friendly voices. It will indeed be comforting to hear gentle women and strong men again roaring with laughter at a bit of comedy in the film and it will be glorious again to hear those children in the front rows scream at the antics of comedians in the pie comedies. There are few things more worth living for than to hear and see a happy group of children laughing while at play in a picture show.

We believe that very soon things will be much happier for us, possibly being separated a while will make us appreciate each other more. Its going to be splendid to see the Majestic Theatre abalze with the glare of lights and to take part in the lure of the crowds and the hum of merry voices and where we can again see the highest class productions of the motion picture art and hear the sweet strains of the Majestic orchestra.

Piles Relieved

Also Eczema, Salt Rheum, Ulcers Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 60c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by Hennings Drug Store and Piper Bros., druggists, who are the agents in Charleroi, to help any of the above named diseases or money back. It relives pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c, 60c and $1.20 a jar at Hennings Drug store and Piper Bros. Druggists.

To the People of Charleroi War Chest District

A STATEMENT

The people of the United States are being asked this week to contribute at least $170,500,000.00 to a joint fund for what is known as "War Activity Associations" to be apportioned as follows:

National War Work Council of the Young Men's Christian Association. . .	$100,000,000.	58.65 per cent
War Work Council of the National Board of the Young Women's Christian Associations. . . .	$15,000,000. .	8.80 per cent
National Catholic War Council (Knights of Columbus).	$30,000,000 .	17.60 per cent
Jewish-Welfare Board...	$3,500,000	2.05 per cent
War Camp Com. Service .	$15,000,000	8.80 per cent
American Library Asso.. .	$3,500,000	2.05 per cent
Salvation Army	$3,500.000	2.05 per cent
	$170,500,000	

Washington County has been asked to raise at least $350,000.00 of which sum $42,280.00 has been alloted to the Charleroi War Chest territory.

We all know that the work of these Associations did not cease with the signing of the Armistice, but that the American people expect them to "stand by the boys" until they are returned to their homes; therefore no appeal as to the necessity of the fund is necessary.

It is simply a question as to how we shall meet our responsibility in the matter.

It is our purpose to pay our allotment from the funds of the "War Chest", but in order to do so, there must be no "easing up" of any one in his monthly payments.

We have in the War Chest Treasury at this time about $14,000.00, and it will require $28,280.00 additional to meet this claim alone We can do it easily if each one of us will keep his pledge, but we will not do it if we do not improve upon the following statement;

Due from subscribers who never paid at all 5 months due										$632 00
Due from subscribers who have paid only	1	"	4 months							2560 50
" "	"	"	"	"	"	2	"	3	"	1854.00
" "	"	"	"	"	"	3	"	2	"	1000.00
" "	"	"	"	"	"	4	"	1	"	500.00
								Total delinquent		6546 00

To those who know or even think they are in any of the above classes please come across.

Persons not already subscribers are urged to subscribe now.

You know your duty, happy are you if you do it.

THERE! I THINK THAT'S A PERFECT FIT.
"WE ALWAYS ALTER ALL GARMENTS TO FIT, BUT WHEN YOU BUY FROM OUT-OF-TOWN, YOU HAVE TO TAKE THEM WHETHER THEY FIT OR NOT!".

THE RIGHT WAY

The secret of success in shopping lies in being able to look at the garment before you pay for it. You not only look at it. You try it on. You have the chance to try on several. if one does not suit, another will. If alterations are needed, the fitting can be done on the spot. There may be other ways to shop. But this is the only right way. This is the "trade-at-home" way. And it brings not only success to you, but adds prosperity to your town as well. Every purchase you make in this way creates a permanent value in your community, apart from the value and pleasure you get out of it. And you become a community builder. Then why shop any other way. Keep this picture in mind and you will not fail in your duty to yourself and your town.
